Holiday childcare

Give your child a break with profawo

A program that that suits your child

During three school vacation weeks each year, profawo Zurich offers kindergarten and elementary school children a varied and diverse vacation program.

The children immerse themselves in different themed worlds.

The varied program offers excursions as well as time to relax, play, and pursue their own interests.

Children from kindergarten age to the end of 4th grade can participate.

During our holiday week from 10. August to 14. August the theme is "Life in other countries."

Vacation program

«Life in other countries»

Monday, 10. August 2026

Discovering the world with our monkey

At the start of the week, we will be asking ourselves the questions «Where do I come from?», «Where have I been?» and «Where would I like to go?» The children will then meet our globetrotting monkey, give him a name, and he will accompany us throughout the week. In the afternoon, we will play fun children's games from around the world.

Tuesday, 11. August 2026

Flags, colors, and imagination

The children will design creative flag bracelets, coasters, or key rings. They can also design their own (washable) tattoos and decorate themselves with colorful face paint at the face painting station.

Wednesday, 12. August 2026

Culinary world tour

Children can make their own pizza and top it however they like, then enjoy it together for lunch. In the afternoon, we learn to count in a playful way while tasting small treats from different countries, discovering other cultures through taste.

Thursday, 13. August 2026

Imaginary journey into a safari adventure with animal yoga

On Thursday morning, the children will embark on an imaginary journey as an exciting safari adventure, slip into the roles of different animals during animal yoga, and playfully explore countries and their colorful flags during country bingo.
